* Spencer (Hinckley) committed a foul just before scoring the first goal of the game. The referee awarded a goal, but Nuneaton protested and demanded a fresh referee. The referee then changed his decision and gave a 'disputed' goal.

** Foleshill Great Heath walked off the field 15 minutes from time, disputing a goal where it was alleged that the Nuneaton goalkeeper ran too far out with the ball and the referee awarded Nuneaton a free-kick.

The disputed goal rule predates crossbars and nets and the ball could be any height as long as it was between the posts. This led to many disputes

L=Leicestershire Senior League • F=Friendly • WSC = Walsall Senior Cup • LSC = Leicestershire Senior Cup • HHCC = Hinckley Hospitals Charity Cup • FAC = English (FA) Cup

In 1900, after a successful season in the Leicestershire Senior League, Nuneaton Town lost their Arbury Road ground as a result of a court case in which the executors of the late Richard Townsend, landlord of the Granby Head, Church Street, sued the club for the sum of £46 18s.

Richard Townsend had been the club's guarantor for the ground, but his death meant that they were unable to find a new ground in time for the 1900-01 season. Nuneaton Town therefore closed down for the time being.

Association Football in Nuneaton

A rumour has been current about the town that a limited liability football club for Nuneaton is about to be formed for next season and that they are going to lease the old football ground at the back of the Rose Inn in Coton Road, which they will fence all round with 10 foot zinc.

There is no reason why the town should not be able to support both a first class Rugby and an Association Club, and there has been a scarcity of home fixtures this season, which had there been two town clubs, would not have occurred. Anyhow, if the town is going to have a good Association Club next season, now is the time to think about it.

The Rose Inn Ground

Quite a transformation has taken place at the old footballground at the back of the Rose Inn on Coton Road. The ground has been fenced in with corrugated iron, and a fine large stand erected. There is an entrance to the ground in Edward Street.

Tribute to Nuneaton Town

From The Midland Daily Telegraph 1906

Probably no club in North Warwickshire has made greater strides in recent years than Nuneaton Town FC, an organisation that is effecting wonders in the Birmingham Junior League, and which, if all goes well, may find itself before very long in the Birmingham and District League.

At all events, this is the aspiration of the Nuneaton Town officials and certainly no-one who has followed the doings of the club will begrudge

them the honour when it comes. Up to yesterday the team had played twelve matches this season in the Birmingham Junior League, of which they had won ten and drawn two. The exact record of the club thus far is fifteen matches played, won eleven, drawn three and lost one. It is of interest to note that the solitary defeat sustained was against their old rivals, Atherstone, in a friendly.

A great improvement has been carried out in regard to the Queen's Road Ground, which the club now occupy. A grandstand is now available, and a portion of the playing pitch had been levelled. That followers of the game in Nuneaton fully appreciate the improved position is shown by the capital attendances at home matches, which average nearly two thousand...
